

Details

Units:	43
Site Size:	0.413 acres
Council:	Tower Hamlets

This imposing Victorian warehouse was sympathetically converted by Aitch Group into 43 private residential and live/work units.

The warehouse borders a major canal that runs through East London and this gave the conversion process a number of challenges that were overcome in order to deliver what was a landmark development at the time.

Aitch Construction delivered this project on time and on budget.
